Re: Chickatawbut Road Traffic Circle

To: Carrie E. Lavalley, chief engineer,
Re: Major Project Project File 607342."

Please register my support of the MassDOT proposed roundabout at the intersection of Chickatawbut Road and Randolph Avenue (Rt. 28) in Milton, MA. The MA-DOT plan would benefit motorists from Randolph and Boston, and would also provide traffic calming for hikers at Skyline Drive.

I encourage expansion of the project to include the Skyline Drive crossing as well -- with another roundabout or "median island" there -- to fulfill a proposed plan to enhance hiker safety. See attached documents for details.

Sincerely,

Jesse Gordon, Randolph District 2 Town Councilor
